

- Concentration of N forms in floodwater as affected by placement and timing of urea and ammonium sulfate application
H. AMINUDDIN, S. ZAKARIA and H. ALIAS 321
- Influence of N-fertilization of different rates and time of application on the yield and N-uptake of winter wheat in Northwestern Greece
K. TSAKELIDOU and E. PAROUSSIS 328
- A contribution to the study of humus status in chernozem soil after long standing fertilizers' application
S. STOJANOVIC, S. BLAGOJEVIC, A. DJORDJEVIC, M. VESKOVIC and Z. JOVANOVIC 339
- Interaction of fertilization and irrigation in winter wheat (*Triticum aestivum* L.)
Pa. PEPO, E. BOCZ and PE. PEPO 349
- Results of long-term fertilization experiments in forest plantations, forest rangeland, and poplar plantations
S.G. ALEXANDRIS 357
- Effect of urease inhibitors on urea hydrolysis and ammonia volatilization
WANG ZHENGPIG, O. VAN CLEEMPUT, P. DEMEYER and L. BAERT 361
- The effects of nitrogen and potassium fertilization on yield and quality of sugar beet
V. HERNANDO, M.I. PARDO and M.E. GUADALIX 372
- The effects of nitrogen and potassium fertilizer on the productivity of perennial white clover swards
J. FRAME 379
- Phosphorus and nitrogen uptake by radiata pine growing on soils of different phosphorus retention, fertilized with superphosphate and A-grade rock phosphate
I.R. HUNTER and J.A.C. HUNTER 388
- Yield response to nitrogen and soil moisture level in irrigated corn
HADJIYANNAKIS L. STAVROS and ANASTASSIOS D. LOUISAKIS 399
- Influence of nitrogen, phosphorus and potassium on yield and quality of some crops
W.L. ZHANG, H. KOLBE and K. MÜLLER 404
- Effect of potassium and phosphorus fertilization on trifolium alexandrinum production in Egyptian soils
A.H. ABD EL HADI, K.G. ASY, Y.H. MOHAMED and M.A.M. HASSAN 415
