

## Program

<b>Foreword</b>		
E. WELTE and I. SZABOLCS		17
<b>Preface</b>		
C.S. SERGHIOU, President of the Congress		19
<b>OPENING ADDRESS</b>		
A. GRAVIELIDES, Minister of Agriculture and Natural Resources, Cyprus		20
<b>PLENARY SESSIONS</b>		
<b>SESSION 1</b>	Fertigation, systems and equipment, appropriate fertilizers, fertigation recipes for increasing crop yield, improving crop quality, optimizing efficient use of water and fertilizer, protecting environment, foliar nutrient application.	25-134
<b>Main lecture</b>		
Fertigation for efficient use of inputs		
I. PAPADOPOULOS		27
<b>Contributions</b>		
Technological developments and new concepts for the efficient distribution and use of irrigation water and fertilizers		
S.J. CHIMONIDES		46
Effect of summer application of nitrogen and potassium on growth and flowering of the olive		
I.I. ANDROULALKIS and S. PERICA		58
Mineral Composition of olive leaves as affected by summer N and K fertilization		
S. PERICA and I.I. ANDROULALKIS		66
Fertigation: Corn response to nitrogen fertilizers		
A. HAMDY, B. MATICIC and M. PETRAC		72
Influence of irrigation and nitrogen fertilization on environmentally sound and antitoxic food production		
B. MATICIC, L. AVBELJ and M. FEGES		83
Regulation of $\text{NH}_4\text{-NO}_3$ proportions in soil for increasing N fertilizers use efficiency and reducing pollution		
A. SHAVIV, S. NEDAN and J. HAGIN		98
