

WORKING GROUP SESSIONS 4-7

WORKING GROUP 4

AEROBIC AND ANAEROBIC TREATMENT OF ANIMAL SLURRIES AND OTHER AGRICULTURAL WASTES

Coordinator: P.N. HOBSON

Introductory considerations	
P.N. HOBSON, United Kingdom	27
Results of a mesophilic anaerobic digestion trial with a pilot-scale upflow fixed-bed reactor using beef cattle manure after liquid-solid separation	
R. CHUMENTI, E. De POLI, S. GUERCINI and L. DONANTONI, Italy	39
Cattle manure storage with controlled or uncontrolled digestion	
P. BALSARI, Italy	45
Effect of disinfectants, additives and antimicrobial drugs on anaerobic digestion	
D. STRAUCH and K. WINTERHALDER, Fed. Rep. of Germany	53
The ACF System: A new low-temperature biogas digester	
K. SUTTER and A. WELLINGER, Switzerland	61
Fertilizers and biogas recovery installation of a slurry lagoon	
P. BALSARI and E. BOZZA, Italy	71
Liquid composting - why and how	
O.J. SKJELHHAUGEN, Norway	81
Methane fermentation of herbage treatment wastes	
A.P. GRINBERGS, V.E. DAVIDS, S.E. STERNS and M.J. BEKER, USSR	87
Anaerobic treatment of agricultural wastes	
G. MÉSZÁROS and L. MÁTYÁS, Hungary	97
Anaerobic treatment of solid wastes from agriculture and agro-industry	
E. ZAUNER, Fed. Rep. of Germany	103
Methane fermentation of solid distillery waste/forage mixtures	
A. ALBIN, Fed. Rep. of Germany	109
Upgrading of agricultural and agro-industrial wastes	
J. QUELHAS dos SANTOS, L. SILVA CAMPOS and E.N. FERNANDES, Portugal	117
Conclusions	
Final report of the COORDINATOR	125

WORKING GROUP 5

INFLUENCE OF FARM AND TOWN WASTES ON SOIL PROPERTIES AND FERTILITY

Coordinator: L.C.N. de la LANDE CREMER

Introductory considerations	
L.C.N. de la LANDE CREMER, The Netherlands	129
The effects of nutrient-rich agricultural effluents on two New Zealand soils	
T.W. SPEIR, D.J. ROSS and K.R. TATE, New Zealand	141
