

Effects of a refuse compost on the plant availability of Cd, Cu, Ni, Pb and Zn in contaminated soils E. PRZEMECK, Fed. Rep. of Germany and A. von HIRSCHEYDT, Switzerland . . . . .	429
Heavy metals in soils and plants of 25 long-term field experiments treated with sewage sludge D. SAUERBECK and P. STYPEREK, Fed. Rep. of Germany . . . . .	439
Copper and molybdenum preparations from industrial wastes as admixtures to mineral fertilizers T. WOLSKI, J. GLINSKI, E. STANISLAWSKA and H. GEMBARZEWSKI, Poland . . . . .	453
Vegetation experiments testing waste wofatites for sandy soil improvement G. REUTER and H. H. UHLMANN, German Democratic Republic . . . . .	461
Use of potato starch waste water in agriculture U. BAYER, Th. von TUCHER and A. AMBERGER, Fed. Rep. of Germany . . . . .	469
Utilization of wastes from olive and sugarbeet processing industries in fertigation E. CABRERA, E. MORENO, S. NACCI and P. de ARAMBARRI, Spain . . . . .	475
Suitability of residual mycelia from antibiotics industry as fertilizers Gh. LIXANDRU, Romania . . . . .	485
Effect of adding humic acid to soil treated with fly ash S. CERVELLI, G. PETRUZZELLI and A. PERNA, Italy . . . . .	493
Influence of NOWMIN fertilization on vegetable yield J. SUCHORSKA-ORLOWSKA, M. ORLOWSKI and J. PIASECKI, Poland . . . . .	499
Conclusions Final report of the COORDINATOR . . . . .	507
