

New approach to the evaluation of quality of irrigation water N. VUČIĆ	127
Effect of chemical fertilizers on various crop yields under newly reclaimed saline soils in Iraq A. K. K. AL-SHAMMARI and R. K. SONI	129

SECTION 3 Water and Nutrient Requirement for Various Crops

Main lecture:

Water and nutrient requirement for various crops A. M. ARTJUSHIN	133
---	-----

Contributions:

Role of irrigation and fertilization in increasing crop yields I. LATKOVICS	137
Factors affecting fertility and management of soils of arid and semi-arid regions A. H. SAYEGH	143
Water- and nutrient supplies as conditions of high yield E. BOCZ, B. DEBRECZENI and K. DEBRECZENI	147
Effect of fertilization and irrigation on grain yields of winter wheat under semi-arid conditions of Yugoslavia S. JEVTIĆ and M. MALEŠEVIĆ	153
Effects of sprinkling and fertilization on crops in rotation and changes of some chemical and biological properties of a sandy soil in the Northern Region of Poland S. KARCZMARCZYK, S. LASKOWSKI, B. BINIAK and I. ZBIEĆ	157
Influence of irrigation and fertilization with mineral fertilizers on the yield of crops cultivated on Vertisol of Kosovo M. MILIĆ, P. IVOVIĆ and M. SPASOJEVIĆ	165
Effect of irrigation and mineral fertilization on yield and quality of potatoes and sugar beets cultivated in the Northern Region of Poland S. KARCZMARCZYK, Z. KOSZAŃSKI, S. LASKOWSKI, S. NOWICKA and I. ZBIEĆ	171
Water use by crops in South-West Spain J. M. ARANDA	177
Potassium nutrition and drought tolerance of plants H. BERINGER	185
Effect of fertilization and CCC application on winter wheat grown under irrigation M. MALEŠEVIĆ and S. JEVTIĆ	187
Leaf analysis survey of some deciduous fruit trees grown in Wadi Zamzam, Libya H. W. DOERING, Y. MATAR and G. ABDELGAWAD	191
Iron, Manganese, Copper, Zinc and Boron contents in some soils of the Cyrenaika, Libya S. STOJANOVIĆ and M. JAKOVLJEVIĆ	197
Composition and properties of humus in some soil types of the Cyrenaika, Libya S. STOJANOVIĆ	203
The role of water and fertilizers in the formation of maize yield G. VASIĆ and Ž. VIDENOVIĆ	211
Water quality and the use of saline water for crop irrigation A. M. ARTJUSHIN and I. N. CHUMACHENKO	217
Dependance of crop yields on mobile phosphorus and nitrate nitrogen in the soil and calculation of fertilizer rates N. K. BOLDIREV, E. A. ZVEREVA and S. G. VASILJEVA	221
Fertilizer influence on yield of irrigated crops in the main irrigation zones of the USSR N. K. BOLDIREV, S. G. VASILJEVA and E. A. ZVEREVA	225
Needs of water and plant nutrients for different agricultural crops A. M. ARTJUSHIN, I. K. RJABCHENKO and I. N. CHUMACHENKO	229
Fertilizer application under different soil moisture conditions in the Russian Federation A. V. POSTNIKOV	233
