

Section VI— THE ECONOMICS OF FERTILIZER PRODUCTION  
AND APPLICATION

Presidium: N. N. Baranov, USSR  
G. Knosp, France  
H. De Tarragon, France  
B. A. Zaharenko, USSR

June 23, Wednesday

10.00 a.m.—1.00 p.m.— MORNING SESSION

Reports

- |                                      |                |   |
|--------------------------------------|----------------|---|
| E. S. Savinsky<br>A. A. Smirnov      | USSR           | Problems of economic prediction the development of fertilizer production  |
| I. Harmanyak                         | Czechoslovakia | Expenditure of energy for fertilizer production   |
| A. D. Dulmann                        | USSR           | Scientific-technological progress and structural changes in fertilizer production                               |
| Y. A. Zabeleshinsky<br>M. V. Andreev | USSR           | Quality of raw phosphates and its effect on technical and economical data of P-containing fertilizer production |

11.30 a.m.—11.45 a.m. Recess

- |                                  |          |   |
|----------------------------------|----------|---|
| I. P. Gyrbuchev                  | Bulgaria | Increase of rock phosphate efficiency and improvement of phosphate status in some soils of Bulgaria |
| E. I. Tsypina<br>V. M. Lembrikov | USSR     | Economics of production, transportation and storage of complex suspension fertilizers               |

Discussion

3.00 p.m.—6.00 p.m. EVENING SESSION

Reports

- |                                |      |   |
|--------------------------------|------|---|
