

Prof. J. BAHEYENS and Dir. D. STENUIT, Louvain (Belgium): Discussion: Relation between yield and soil-nutrients	104
Prof. N. S. AWDONIN, Moscow (U.S.S.R.): Discussion: The Influence of Soil Properties and Fertilization on the Resistance of Winter Crops	107
Prof. Dr. K. A. BONDORFF, Lyngby (Denmark): World-wilde Fertilizer Problems	127
Dir. Dr. J. FERWERDA, Yaligimba-lez-Bumba (Congo-Belge): Discussion	136
Prof. Dr. E. LEVENSSON, Sofia (Bulgaria): Discussion	137
Prof. D. DAVIDESCU, Bucharest (Roumania): Discussion: The productivity of mineral fertilizers in Roumania	138
Doc. Dr. H. LINSER, Linz (Austria): The Physiological Effects of the Macro Elements of Nutrition (N, P, K, Ca, Mg) on Plants in the Light of the latest Scientific Discoveries	142
Prof. Dr. K. SCHARRER, Giessen (Germany): The Functions and Effects of Micronutrients on Plant Life	157
Prof. V. YAKOVLEVA, Moscow (U.S.S.R.): Discussion: The Importance of Molybdenum Fertilizer for Increase of the Clover Yield	186
Summary of the 3rd Conference	190
Dr. D. J. D. NICHOLAS, Long Ashton (England): Fertilizers as Factors in Improving the Quality of Plant Products	191
Prof. Dr. SCHUPHAN, Geisenheim (Germany): Discussion	198
Prof. Dr. MALAVOLTA, Piracicaba (Brazil): Discussion	201
Prof. Dr. J. GUERILLOT, Thiverval-Grignon (France): Discussion	202
Prof. Dr. K. NEHRING, Rostock (Germany): Fertilizer Application, Livestock Feeding and Quality of the Animal Products	204
Prof. O. T. ROTINI, Pisa (Italy): Discussion: Fertilization and quality of agricultural products	232
Prof. Dr. L. SCHMITT, Darmstadt (Germany): The Influence of Our Manurial Techniques During the Last 100 Years on Soil Fertility	234
Closing-Ceremony:	
Grant of the Distinguished Service Medal of the C.I.E.C.	251
Closing-Speech by Ex-Minister Dr. FEISST	255
Thanks of the President of the Congress Prof. Dr. L. SCHMITT to the President of CITA and CIEC, retired Minister Dr. FEISST	256
Final adress of the President of the Congress	257
Resolution	258
