

Section 3: Fertilizer services		85
" 4: Fertilization and environmental control		89
" 5: Fertilization and crop quality		94
" 6: Economics of fertilizer production and application		102
" 7: Production technology and evaluation of new forms and types of fertilizers		105
" 8: Isotope techniques in plant nutrition and fertilizer use		109
Excursion programme		113
11.) 1st Symposium 2 February 1972	Vienna	118
" Liquid fertilizers - a solution for the future?"		
12.) 2nd Symposium 27-28 April 1978	Vienna	122
"Effective fertilizer use in high productive agriculture"		
13.) 3rd Symposium 26 Nov.- 1 Dec. 1979	Benghasi	128
"Water and fertilizer use for food production in arid and semiarid zones"		
14.) IX World Congress 11-16 June 1984	Budapest	140
"50 years of CIEC activities"		
Session 1: Land fertility and environmental aspects,		148
" 2: Soil fertility and food requirements of the world population,		
" 3: Genetic improvement of crop yields as related to plant nutrient requirements,		
" 4: Phosphorous and potassium problems.		
Working groups 1-10, poster session, closing session		150
15.) 4th Symposium 11-14 May 1987	Braunschweig	171
"Agricultural waste management and environmental protection"		
16.) 5th Symposium 1-4 September 1987	Balatonfüred	185
"Protection of water quality from harmful emissions with special regard to nitrate"		
17.) X World Congress 21-27 October 1990	Nicosia	194
"Efficient fertilization, manuring and irrigation for improving crop yield, food quality and renewable resources"		
Session 1: Fertigation systems and equipment, optimizing efficient use of water, protecting environment, foliar nutrient application
